The Good Driver Club (GDC) Program is not insurance and does not replace the need for full coverage insurance. While member's vehicle is not financed, please note that if it were, the lender would require full coverage insurance, and members would remain responsible for repaying the loan even if the car was declared a total loss. GDC can assist with auctioning a salvaged vehicle only if its title is transferred to GDC; otherwise, the owner is responsible for its disposal.
